

## South Branch Intelligencer.

ROMNEY, FRIDAY, MAY 8, 1874.

—We are indebted to Hon. Henry G. Davis for a copy of Congressional Directory.

**CORPORATION ELECTION.**—At the election held in this place, on Monday last, the following gentlemen were elected to serve during the present year:—Mayor, Joseph Poling—Aldermen, Dugal C. Tabb and George Brown—Clerks, Dr. John M. Snyder, Robert W. Gilkeson, James Sheehy, Robert J. Pugh, Tobias Mytinger, Virgil M. Poling and John J. Combs.

—Two colored men, laborers on the South Branch Railroad, for some overcast, what we are not advised, after a hearing before Daniel Mytinger, Esq., were placed in jail in this place, on Friday last.

—We insert on our first page this week, to the exclusion of our usual variety, the Road Law, passed by the Legislature of this State at its late session. We hope it will be read with interest.

—On Tuesday last several wagons, carts, &c., with a number of hands passed through this place on their way down the South Branch for the purpose, we understand, of commencing the stone-work of the Railroad Bridge to be erected over the South Branch, near G. W. Washington's. This looks like business.

—Although the weather has been very unpropitious, yet the work on our Railroad is slowly but surely progressing.

—The editor of this paper has gone to the Editorial Convention now in session at Parkersburg, this State. We presume, from the number of free tickets kindly bestowed by the B. & O. R. R. Co., that the attendance will be large. We are inclined to think that beefsteak, &c., will suffer. Editors are fond of good eating.

—We invite the attention of those interested to the advertisement of Joseph Smith, Esq., in today's issue, offering for sale several tracts of land in this county.

—The *American Farmer* for May is received, filled as usual with a vast amount of practical instruction upon every branch of Agriculture, Horticulture, Floriculture, Live Stock, &c., suitable for the season. The senior editor in a leading article on MANURES, in which the use of the barn-yard manures and the fertilizers of commerce containing phosphoric acid, is most emphatically urged, remarks, that if he could only impress upon the minds of the farmers, whom he has been serving for years, the importance of the facts presented, he will consider that he has not lived his life in vain.—Published by S. A. L. S. & S. Co., No. 9 North St., Baltimore, Md., at \$1.50 a year, 5 copies \$5.00. Specimen numbers sent free.

**NEWSPAPERS.**—Their value is by no means appreciated, but the rapidity with which some people are making up to their necessities and usefulness is one of the significant signs of the times. Few families are now content with one newspaper in their home. The thirst for knowledge is not easily satisfied, and books, although useful, are not easily accessible, in their place, fail to meet the demands of youth or age. Our country newspapers are eagerly sought, and their contents are eagerly devoured; then comes the demand for the city news, national and foreign news. Next to the political, come the scientific and literary journals. Lastly and above all, come the moral and religious journals. All these are demanded to satisfy the cravings of the active mind.

Newspapers are also valuable to material prosperity. They advertise the village, country or locality. They spread before the reader a map on which may be traced characters, design and progress. If a stranger calls at a hotel he first enquires for the village newspaper; if a friend comes from a distance the very next thing after family greetings, he enquires for your village or country paper, and you feel disappointed if you are unable to find a late copy, and confounded if you are compelled to say you do not take it.

Newspapers are just as necessary to fit a man for his true position in life as food or raiment. Show us a ragged, barefooted boy rather than an ignorant one. His head will cover his feet in after life if he is well supplied with newspapers. He will make his mark in the world, if you gratify that desire for knowledge. Other things being equal, it is a rule that never fails. Give your children newspapers.—*Parkersburg Gazette.*

**BURNED TO DEATH.**—A *Sid Affair.*—The residence of Mrs. Regina Richards, situated near Taylor Furnace, in this county, was totally destroyed by fire on last Monday morning. From what we can learn the fire was discovered about 3 o'clock in the morning, and the fire had then gained such headway that any effort to quench the flames would have been unavailing.

It appears that the house was occupied by Mrs. Richards and her two daughters, one of whom is very delicate health, and that it was frequently necessary to keep a fire burning all night. The family except the well sister, together with Mrs. Dyke, an aged lady, visiting the house, had retired to rest, on the night in question, whilst the well sister piled on fuel for a large fire. It is supposed that the house caught fire in that way. The lower rooms of the house were in flames before the occupants in the upper rooms were aware of it. As soon, however, as they were awakened, the young lady leaped from the window of the second story window, with great presence of mind, securing a ladder against the house, rescued her mother and sister. Mrs. Dyke might also have escaped, but she returned to her room in order to secure some of her clothing, when the flooring gave way, precipitating her in the flames. She was entirely consumed. A quantity of money, with every article of wearing apparel and all the provisions were burned up. These ladies were noted for their industry, and as they are now left destitute, we trust that a generous public may help them in the time of need.—*Winchester Times, May 1.*

—At the recent session of the representatives of the Supreme Lodge, K. of P., of the World, at Pittsburgh, Pa., C. H. Henson, Esq., of the Morgan Mercury, was elected S. J. G. of the order.

—Colin C. Porter, of Jefferson county, this State, died on the 27th ult. At the time of his death he was President of the First National Bank at Charlestown.

**REAL ESTATE CONVEYANCE.**—Henry G. Davis and wife, T. B. Davis and W. R. Davis and wife, to the Potomac Coal Company, three tracts of land contained in "Ethiopia and the Isles" containing 14, 15, and 16 acres respectively; tract called "Triangle" containing one acre and four perches and a tract called "Brilliant" containing 5 1/2 acres, \$80,000.—*Cumberland News.*

—The strangest description of hell is that of Heinrich Heine. "Hell," he says, "appeared to me like a great town kitchen with an endlessly long stove, on which were placed three rows of iron pots, and in these sat the damned and were cooked. In the third row sat the heathen, who, like the Jews, could take no part in salvation, and must burn forever. I heard one of the latter, as a square built, burly devil put fresh coals under his kettle, cry out from his pot: 'Spare me! I was once Socrates, the wisest of mortals, I taught truth and justice, and sacrificed my life for virtue.' But the clumsy, stupid devil went on with his work and grumbled, 'O, out up there! All heathen must burn, and we can't make an exception for the sake of a single man!'

—A Florida correspondent says that although many persons suffering from consumption in other States have gone there and been restored to health, there are old-established Florida families fast dying of the same disease.

—On Monday last, Mr. Mark L. Spotts, Clerk of our County Court, issued licenses, authorizing the marriage of two sisters, and, on the same day, issued licenses to two brothers to marry two sisters. Such a singular coincidence is worthy of a local notice.—*Greenbrier Independent.*

—At Cairo, between this and Parkersburg, the snow fell to two feet and a half deep on Tuesday night.—*Clarkburg Sun, May 2.*

**CHANGE OF POSTOFFICE NAME.**—The name of "Luney's Creek Postoffice," Grant County, this State, is changed to "Petersburg," the County seat of that County, and J. D. Gum, Esq., Postmaster.

—A ragged, forlorn-looking archer entered a store in New Orleans the other day, and addressing the merchant pleasantly asked, "A nickel to get my mother a loaf of bread, please, sir."

A jocular neighbor, also a merchant, with a sly twinkle in his eye, thinking to have a joke with the boy, produced a nickel and said: "My son, this nickel I worked for; now, what will you do for it?" Quick as thought the boy "went down into his clothes," and producing a nickel exclaimed, "I'll match you, sir!"

—Mrs. Van Cott says that at one of her prayer meetings a negro brother prayed: "O, Lord! send thy angel to pluck wings on Sister Daniel's heels, that she may 'too de world preachin' de 'berlinin' Gospel.' And on a added: 'Lord! Give wings on her shoulders, too, or the preaching will not have effect, for she'll fly upside down.'"

**CAUTION!**—In our changeable climate, coughs, colds, and diseases at the throat, lungs and chest will always prevail. Cough consumption will claim its victims. These diseases, if attended to in time, can be arrested and cured. The remedy is Dr. Wistar's Balsam of Wild Cherry.

—A Southern paper tells the following: "One of our country friends relates a story of one of the intelligent fifteenth amendment recruits attempting to steal a goose, but a dog raised an objection, and Sambo retired. The next night, during a thunder shower, he attempted it again, and just as he was on the point of getting away with his bird, the lightning struck close by.—Dropping the goose, he started away, muttering: 'Pears to me dar am a mighty lot of fuss made 'bout a common goose.'"

—The funeral of George A. Thurston, Esq., whose death we announce in another column, took place in Cumberland on Tuesday afternoon last, and was the largest ever seen in that city.

—Is this the year for the appearance of the seven-year locusts? If so, we may expect to have a summer vocal with their mellifluous discord.

—A leading milliner says there are thirty different names for spring bonnets, and yet they are nearly all the same shape.

—An old clergyman spying a boy creeping through a fence exclaimed: "What! crawling through a fence! Pigs do that." "Yes," retorted the boy, "and old hogs go along the street."

—It is said that honey may be kept from crystallizing for a long time by placing it in the dark.

—Hair brushes are now made with fine elastic wire, in place of bristles.

—"Letting off sleep" is a little boy's definition of snoring.

—Never lose your respect; if that is lost, all is lost.

—Modesty has more charms than beauty.

—Do good whenever you can, and forget it.

—The American Sardine Company's Boneless Sardines, are much better, and less than half the cost of imported Sardines. (May 8.)

**WEST VIRGINIA, TO WIT:**—At rules held in the Clerk's Office of the County Court of Hampshire, on the first Monday in April, 1874. John Blue & Anne E. his wife, Plaintiffs, vs. Nimrod Alkire & Mary E. his wife, A. L. Withers and Susan E. his wife, Charles B. Withers and Rebecca his wife, Wm. A. Kuykendall and Femina his wife, David Fox, Hannah Fox, William F. Fox and Rebecca Fox, Defendants, IN CHANCERY.

The objects of this suit are, to assign to Rebecca Fox, widow of said Fox, her share in about 2,000 acres of timbered land in said county, and to divide the residue of said land among those entitled thereto, or if partition cannot be made, to sell the same and divide the proceeds among those entitled to it.

—At the recent session of the representatives of the Supreme Lodge, K. of P., of the World, at Pittsburgh, Pa., C. H. Henson, Esq., of the Morgan Mercury, was elected S. J. G. of the order.

## Baltimore Cattle Market.

THURSDAY, APRIL 30, 1874.

**BEEF CATTLE.**—The market has been more active this week than last, opening tolerably freely and continuing so throughout till very near the close, when a fall was left over unsold. The quality of the offerings was better than last week, there being many more tops, and all the other grades correspondingly better. Prices generally were a shade higher throughout than last reported.

Prices to-day for Beef Cattle ranged as follows: Best Bees at 6 3/4 to 7 1/4; medium quality at 5 1/2 to 6 1/4; ordinary thin Steers, Oxen and Cows at 4 1/2 to 5 1/2; inferior and lowest grades of Cattle at 4 1/4 to 5 1/4—general average of the market to-day \$6 25; extreme range of prices 4 1/4 to 7 1/4. Most of the sales were from 5 to 7 1/4 to 100 lbs. Of the receipts 220 head came from Ohio, 100 from Virginia, 54 from Tennessee, 123 from Maryland, 267 from Pennsylvania, 100 from Illinois, 15 head from Illinois—total receipts for the week 1141 head, against 1286 last week, and 1150 head same time last year. Of the offerings 743 head were taken by Baltimore butchers, 195 sold to Washington city and Annapolis dealers, and 45 head to Eastern speculators. Total sales for the week 987 head, against 1141 last week, and 1055 head same time last year.

**COWS.**—Milk Cows are scarce and in good demand at 35 to \$80 per head.

**SHEEP AND LAMBS.**—The receipts this week were somewhat limited, but ample for the wants of the butchers except for a short time during the week, when prices suffered slightly, but further arrivals, without any outside demand to meet them, caused a quickening of the market, and prices remain about as they were at the close of last week. We quote wool Sheep at 6 1/2 cents, and shorn at 4 1/4 to 5 1/4 cents per pound gross, as to quality. Lambs 3 to 5 cents per head. Receipts this week 1829 head, against 1619 last week, and 2174 head same time last year.

**HOES.**—There was some falling off in the receipts during the past week, but the supply was fully up to the demand of the trade. There was no peculiar feature characterizing the market other than the difference in the number of the receipts. Prices are without visible change, and the quality of the offerings exhibit no marked variation; few good hoes coming to hand, and these only bring the highest figures. We now quote at 7 1/2 to 8 1/2 cents per 100 lbs. net. Receipts this week 7778 head, against 9544 last week, and 8229 head same time last year.—*Sun.*

**MARRIED.**—In the First Presbyterian Church, Cumberland, Md., on the 23rd ult., by Rev. Edwin B. Ruffinsperger, Roman Bowers, Esq., of Shelby County, Missouri, to Miss Ransome M. Bowers, daughter of Mr. Leonard Bowers, formerly of Hardy county.

**DIED.**—At the West Virginia Institution for the Deaf Dumb and Blind, May 4, 1874, JOHN JACKSON SUMMERS, of St. Mary's, Pleasant county, aged 17, of Typhoid Pneumonia. His remains were interred in "Indian Mound Cemetery" in the vicinity of this place, on Tuesday evening last.

In Cumberland, on Sunday, May 3, GEORGE AMARANTH THURSTON, son of the late Gen. C. M. Thurston, in the 53d year of his age.

## NOTICE.

C. W. PATTIE of our firm, having sold his interest to JOHN T. VANCE, the name of the firm will be

Gilkeson, Pugh & Vance.

This change has been made by mutual agreement. C. W. PATTIE will, for the present, devote his time to the settlement of the business of Gilkeson & Pattie and of Gilkeson, Pattie & Pugh and to the business of our successors.

All persons having accounts upon our books and otherwise indebted will please make prompt settlement. Respectfully,

GILKESON, PATTIE & PUGH

We tender our thanks to the public for the liberal patronage in the past and ask for our successors a continuance of the same.

GILKESON, PATTIE & PUGH.

Romney, April 24, 1874.

## U. S. MAIL LINE

FROM

Green Spring Run to Romney

THE subscriber having changed the running of his daily line of Stages (Sundays excepted) from Patterson's Creek to Green Spring Run, will leave each morning Green Spring Run upon the arrival of the accommodation train, and leave Romney at 9 A. M., each morning and connecting with the western bound accommodation train at 4 P. M. By this line, distance between Green Spring Run and Romney is but 164 miles, shortest route! Passengers may rest assured that on the part of the proprietor every attention will be paid to the comfort. All packages entrusted to me will be attended to.

ISAAC PARKER.

August 19, 1873.—1y.

## B. T. BABBITT'S

PURE CONCENTRATED POTASH,

OR LYE,

Of Double the Strength of any other

SAPONIFYING SUBSTANCE.

I have recently perfected a new method of packing my Potash, or Lye, and am now packing it only in Balls, the coating of which will saponify, and does not injure the Soap. It is packed in boxes containing 24 and 48 lbs. Balls, and in no other way. Directions in English and German, for making hard and soft soap with this Potash, accompanying each package.

B. T. BABBITT,

64 to 84 Washington St., N. Y.

April 3, 1874.—1a55.

## Furniture!

JOHN GREITZNER,

Cabinet-Maker,

ROMNEY, WEST VA.,

BEGS leave to inform the citizens of Romney and of Hampshire, Hardy and Mineral counties that he has on hand some good

**FURNITURE**

Parlor Sets, Chamber Sets, Wardrobes,

Bureaus, Sides, Tables, Bedsteads, &c.

Also, on hand, some finely finished Wooden

Coffins, of various sizes.

He will sell his furniture as low for Cash as it can be purchased anywhere else.

Furniture repaired on moderate terms. All work warranted. Orders promptly filled. He returns thanks for past favors.—April 10, 1874.

## By Yesterday's Mail.

LOCOMOTIVE BOILER EXPLOSION—

**TWO MEN KILLED.**—On Tuesday morning about half past 8 o'clock, as engine No. 22 on the O. & P. Railroad was drawing a train of empty hoppers from Piedmont to Lanesburg, and when in front of the building known as Kildow's Hall, in Westernport, her boiler exploded, causing the death of the two men upon the engine—Thomas Hogan, engineer, and Thomas Moran, fireman. The latter was blown high up in the air, his body alighting on the Westernport Hill several hundred feet distant. His skull was crushed in, many of his bones broken, and his body badly disfigured. Life was no doubt extinct before he fell. Hogan was blown against the house, a distance of twenty feet, and so badly injured that death resulted in about two hours and a half. Mr. J. S. Combs, of Piedmont, who happened to be in the vicinity of the disaster, was thrown over a fence by the force of the explosion but happily escaped serious injury.

## CONGRESS.

In the Senate, on the 5th, the committee on pensions reported a bill amendatory of the act granting pensions to soldiers and sailors of the war of 1812 and restoring to the pension rolls the persons whose names were stricken therefrom in consequence of disloyalty to the government. The committee on appropriations reported the bill for the relief of the sufferers by the overflow of the Mississippi, increasing the appropriation from \$90,000 to 150,000. In the House, the consideration of the Indian appropriation bill was resumed.

Conference of the M. E. Church South.

LOUISVILLE, KY, May 5.—Nothing but routine business was done in the General Conference to-day. The only notable event was the address of Dr. LOVICK PIERCE, the eldest minister of the church, who gave some details of his long life and stated that he had some measures of importance to present if his strength permitted him. On motion it was resolved that Dr. PIERCE be allowed to speak at any time, the rules to be suspended for that purpose.

Dr. H. N. Poulos Powell, for many years a prominent and popular politician, died at his residence at Amherst Courthouse on the 28th day of April, after a lingering illness.

**FIRE AT WHITE SULPHUR SPRINGS.**—On the night of the 3d inst., the frame building immediately on the Chesapeake and Ohio railroad, about one hundred yards below the depot at White Sulphur Springs, this State, was entirely destroyed by fire, together with about twenty-five hundred dollars' worth of goods, which were stored in the building. The fire was undoubtedly the work of some incendiary.

RAILROADS TO BE BUILT.—The following are the railroads to be built in this State:—

1. A railroad from the depot at White Sulphur Springs to the depot at Romney.

2. A railroad from the depot at Romney to the depot at Green Spring Run.

3. A railroad from the depot at Green Spring Run to the depot at Parkersburg.

4. A railroad from the depot at Parkersburg to the depot at Romney.

5. A railroad from the depot at Romney to the depot at Parkersburg.

6. A railroad from the depot at Parkersburg to the depot at Romney.

7. A railroad from the depot at Romney to the depot at Parkersburg.

8. A railroad from the depot at Parkersburg to the depot at Romney.

9. A railroad from the depot at Romney to the depot at Parkersburg.

10. A railroad from the depot at Parkersburg to the depot at Romney.

11. A railroad from the depot at Romney to the depot at Parkersburg.

12. A railroad from the depot at Parkersburg to the depot at Romney.

13. A railroad from the depot at Romney to the depot at Parkersburg.

14. A railroad from the depot at Parkersburg to the depot at Romney.

15. A railroad from the depot at Romney to the depot at Parkersburg.

16. A railroad from the depot at Parkersburg to the depot at Romney.

17. A railroad from the depot at Romney to the depot at Parkersburg.

18. A railroad from the depot at Parkersburg to the depot at Romney.

19. A railroad from the depot at Romney to the depot at Parkersburg.

20. A railroad from the depot at Parkersburg to the depot at Romney.

21. A railroad from the depot at Romney to the depot at Parkersburg.

22. A railroad from the depot at Parkersburg to the depot at Romney.

23. A railroad from the depot at Romney to the depot at Parkersburg.

24. A railroad from the depot at Parkersburg to the depot at Romney.

25. A railroad from the depot at Romney to the depot at Parkersburg.

**Dr. J. Walker's California Vinegar Bitters** are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has medicine been so successful in removing the cause of disease. VINEGAR BITTERS in the healing of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in all Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutrient, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

R. H. McDONALD & CO.,

Druggists and Gen. Agents, San Francisco, California, and of Washington and Charleston, N. Y.

Sold by all Druggists and Dealers.

**Grateful Thousands proclaim VINEGAR BITTERS** the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the darkened blood from the system, and the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Portify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

**Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Scrofulous Inflammations, Indolent Inflammations, Maracral Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c.** In these, as in all other constitutional Disorders, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

**For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal.** Such Diseases are caused by Vitiated Blood.

**Mechanical Diseases.**—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this danger, take a dose of WALKER'S VINEGAR BITTERS occasionally.

**For Skin Diseases, Eruptions, Tetters, Salt Rheum, Itches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scourf, Discolorations of the Skin, Itchings and Diseases of the Skin, of whatever nature, are cured by the use of these Bitters.**

**Pin, Tape, and other Worms,** lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters.

**For Female Complaints,** in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display an decided influence that improvement is soon perceptible.

**Cleanse the Vitiated Blood** whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; and cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, California, and of Washington and Charleston, N. Y. Sold by all Druggists and Dealers.

## The Superior

MOWING MACHINE.

MANUFACTURED BY T. SWENY & CO., Wheeling, West Va., has been awarded the first prize at the Vienna Exposition.—*Charleston Courier.*

We have been telling the Farmers we had the best Mowing Machine in the world to offer them, and here is the proof that it is so.

Please let us have your orders for next season early.

KUYERHALL & SHEETZ,

Romney, July 25, 1873.

Agents.

## Notice--April 1, 1874.

L. M. SHEPHERD. I. H. C. PANCAKE.
